Flavour description

- ▶ **BLUE MIST** - The flavour that started a revolution. Blue Mist® is truly a master crafted work of art in itself. The alluringly smooth cotton-candy notes make for an explosively thick and refreshing smoking experience.
- ▶ **PINK** - Starbuzz® Pink® is a sweet and sultry raspberry-based seduction. Smooth and mysterious, Pink® is a must-have for those who have a sweet tooth.
- ▶ **PIRATES CAVE** - Being an extremely flavorful, lemon-lime concoction, it's no wonder why Pirate's Cave® has its own worldwide fan club.
- ▶ **APPLE DOPPIO** - Apple Doppio® can be seen as a hybrid concoction of everything tasty about Double Apple®, minus the bitterness of anise. It walks the fine line of a deep, rich, Double Apple® flavor, darkness of licorice, and a curiously refreshing, mysterious aftertaste.
- ▶ **FROST BITE** - The mint you've been waiting for. The powerful yet slightly sweet punch of exhilarating, cooling peppermint is sure to make this a staple in your hookah diet.
- ▶ **WET MELI** - Watermelon can be described as a splash of fresh candied watermelon juice.
